Helpful feedback.

Continuing to think about the ACP, I wanted to get your thoughts on the following. Also, should I include this suggestion in the memo? Regardless of the ultimate fate of the ACP, I think it would be good for Gov to have at least one meeting with a handful of community folks on the issue. Within the next few weeks would be good timing in light of pending permits at DEQ. Over the past few months I have met some thoughtful, articulate folks in these community groups that have real concerns with the ACP. I can recommend some folks for such a meeting if that'd be helpful.

PS – I would add a note next to the Kay Riebold folks saying that they consistently contact us to request meetings and have been emphasizing that they are from his home area, etc. (perhaps quote one of Kay's notes briefly)

Thanks, looks good to me. A few things in the attached. I'd put the chart after the list of points and would reference the letter that you want to include and a brief sentence about why (e.g., because it exemplifies...).
